### Zinc Decor Collection

The Zinc Decor nail collection is not only one of the highest quality nail collections currently on the market, but it is also the most versatile. Each item is made of Zinc, making them perfect for outdoor use on gates, doors, windows, and patios. Each item has a threaded 8/32" backing on the reverse side, which allows each head to be used as either a decorative nail, button, knob, napkin holder, or screw on with 8/32 bolt. These specially designed backings are interchangeable, and can also be used with our new starlight crystal nails CB125T, CB127T, and CB129T (pictured on pg 48) to allow for even more design options.
